

Learning Outcomes in English Upper Primary Stage

Introduction

Language learning progresses naturally with exposure and use of language in meaningful contexts. Learner needs to notice and use language in and outside the classroom in order to become a proficient user of language. English language is taught and learnt as a second language in varied contexts and resources for teaching-learning in terms of the proficiency of English language teacher, materials (textbook and other supplementary materials), English language environment in the school and so on. Language learning is meaningful when it is connected with the immediate environment of children. The activities / tasks in the textbook and the tasks carried out by the teacher need to take into consideration the lived-in experiences of learners. The English language learning outcomes are intended to be achieved by every child so as to enable them to be proficient users of language in real life situations. Broadly, the goals of language learning which could be achieved include: Attainment of basic proficiency in language for effective communication and development of language for knowledge acquisition. i.e. using language as a tool for learning the content subjects. However teacher should follow flexibility, consider the pace of learning of children and opportunities of learning English at home and in school.

The learning outcomes are listed keeping in view that they are not restrictive or limited; they are the launching pads for developing skills and competencies in learners of English language in classes VI, VII and VIII. Teachers may add activities to achieve the outcomes. Pedagogical

Processes are also given along with the Learning Outcomes to emphasise the process of learning, and active participation of learners. The suggested activities/exercises are to scaffold the process of language acquisition. This is mainly to support teachers to create learning opportunities for the learners.

The teacher should observe children for assessment when they are engaged in activities keeping in mind differently-abled children as well. Assessment should be an integral part of the teaching-learning process and not a year end examination only.

Curricular Expectations

- Acquires the ability to listen and respond orally and in writing/Lip reads where necessary.
- Speaks about self, simple experiences; report events to peers, accurately and appropriately make connections and draw inferences.
- Recites poems, dialogues; speak and write language chunks (phrases, sentences from stories, plays, speeches, etc.)
